JUBILEE MEMORIAL COLLEGE MOKOKCHUNG

The colloquia series is an initiative of the Department of Sociology, Jubilee Memorial College with a multi-disciplinary approach. Its primary goal is to create an open and vibrant platform outside the classroom by bringing together faculty, students, and invited guests to discuss topics ranging from personal experiences, cutting-edge research, theories, and current issues; anything that would contribute to the personal and professional development of the participants. This initiative will provide opportunities for students to engage with experts within and outside the institution. Overall, the series attempts to promote dialogue, broaden perspectives and learn while strengthening the community of the institution.
